

DANIEL SILVA

SOFTWARE ENGINEER

Colombo, Sri Lanka | +94 7X XXX XXXX | daniel.silva@example.com
GitHub: [your GitHub URL] | LinkedIn: [your LinkedIn URL]

PROFESSIONAL SUMMARY

Software engineer with two years of experience developing business applications using C#, ASP.NET Core and SQL Server. Skilled in backend development, database design and automated testing. Comfortable working with product and QA teams to deliver reliable software.

TECHNICAL SKILLS

Languages: C#, JavaScript, TypeScript, SQL

Frontend: Angular, HTML5, CSS3, Bootstrap

Backend & databases: ASP.NET Core, Entity Framework Core, SQL Server, REST APIs

Tools & practices: Git, Azure DevOps, Visual Studio, Postman, xUnit, Agile/Scrum

PROFESSIONAL EXPERIENCE

Software Engineer | Example Digital Solutions (Pvt) Ltd

Colombo, Sri Lanka | September 2024 - Present

- Developed ASP.NET Core APIs and Angular screens for an order management system supporting sales and warehouse teams.
- Reduced order-report generation time by 25% through SQL query optimization, measured against a fixed staging dataset.
- Created 40 automated tests covering order validation, stock updates and service-layer business rules.
- Worked with QA to reproduce and resolve defects, reviewed pull requests and maintained API documentation.

SELECTED PROJECTS

Service Desk Portal | Angular, ASP.NET Core, SQL Server

- Built a ticket management portal with user accounts, ticket assignment, priority levels and resolution tracking.
- Implemented role-based access and a dashboard displaying open tickets, overdue requests and team workload.

Expense Tracker API | C#, ASP.NET Core, SQLite

- Created REST endpoints for expense categories, transactions and monthly summaries with filtering and pagination.
- Added xUnit tests for calculation and validation logic; documented endpoints and example requests using OpenAPI.

EDUCATION

BSc (Hons) in Software Engineering

Example University, Sri Lanka | 2021 - 2024

Second Class Upper Division

Relevant modules: Data Structures & Algorithms, Object-Oriented Programming, Database Systems, Software Engineering.
