

NISHA PERERA

SOFTWARE ENGINEER

Colombo, Sri Lanka | +94 7X XXX XXXX | nisha.perera@example.com
GitHub: [your GitHub URL] | LinkedIn: [your LinkedIn URL]

PROFESSIONAL SUMMARY

Software engineer with one year of experience building Java applications and REST APIs. Skilled in Spring Boot, React and relational database design, with hands-on experience in testing and debugging. Seeking to develop dependable software in a collaborative engineering team.

TECHNICAL SKILLS

Languages: Java, JavaScript, SQL, Python
Frontend: React, HTML5, CSS3, responsive design
Backend & databases: Spring Boot, Spring Data JPA, REST APIs, MySQL
Tools & practices: Git, Maven, Docker, Postman, JUnit, Mockito, Agile/Scrum

PROFESSIONAL EXPERIENCE

Associate Software Engineer | Example Tech Services (Pvt) Ltd

Colombo, Sri Lanka | September 2025 - Present

- Developed Spring Boot APIs and React components for an appointment management platform used by administrative teams.
- Reduced appointment-search latency by 20% by refining MySQL queries and indexes, measured using repeatable staging tests.
- Wrote 30 unit tests using JUnit and Mockito to verify booking rules, validation and service-layer error handling.
- Participated in sprint planning, investigated QA defects and documented API contracts for frontend developers.

SELECTED PROJECTS

Event Booking Platform | React, Spring Boot, MySQL

- Built an application for browsing events, reserving seats and managing bookings through an administrator dashboard.
- Implemented user authentication, booking validation and database transactions to prevent overselling available seats.

Library Management API | Java, Spring Boot, MySQL

- Created endpoints for books, members, loans and returns, with search filters, pagination and overdue-loan queries.
- Added service tests for borrowing limits and return rules; packaged the application with Docker and documented setup.

EDUCATION

BSc (Hons) in Computer Science

Example University, Sri Lanka | 2022 - 2025

Second Class Upper Division

Relevant modules: Data Structures & Algorithms, Object-Oriented Programming, Database Systems, Software Engineering.
